10 reactions matched to XY_Addition_MultipleBond

$$F \stackrel{F}{\longleftarrow} OH \rightarrow F \stackrel{O}{\longleftarrow} + F - F$$

Note: Training reaction written in opposite direction from reaction family.

Note: Training reaction written in opposite direction from reaction family.

index: 35

$$HO \stackrel{F}{\stackrel{}{\longleftarrow}} F \rightarrow \stackrel{O}{\stackrel{}{\longleftarrow}} F + F - F$$

Note: Training reaction written in opposite direction from reaction family.

index: 56

Note: Training reaction written in opposite direction from reaction family.

$$F \xrightarrow{F} \xrightarrow{F} OH \rightarrow F \xrightarrow{F} F + F - H$$

Note: Training reaction written in opposite direction from reaction family.

index: 83

Note: Training reaction written in opposite direction from reaction family.

index: 114

Note: Training reaction written in opposite direction from reaction family.

index: 140

$$HO \xrightarrow{F} \xrightarrow{F} \xrightarrow{F} F \rightarrow O \xrightarrow{F} \xrightarrow{F} F + F - H$$

Note: Training reaction written in opposite direction from reaction family.

index: 145

$$F \xrightarrow{F} F \rightarrow F \xrightarrow{F} F + F \rightarrow H$$

Note: Training reaction written in opposite direction from reaction family.

index: 197

Note: Training reaction written in opposite direction from reaction family.
